

# OCS Group UK Environmental Policy

OCS Group UK Limited provides a wide range of Facilities Management for its customers and we are committed to conducting ourselves in a responsible and sustainable manner to protect people and the environment.

We commit to protecting the environment and to prevent pollution as far as possible. We will fulfil our compliance obligations, and commit to continually improve our environmental management system to enhance our environmental performance.

The Directors are committed to ensuring that this policy is met and will regularly review its environmental responsibility strategy and objectives.

## **Environmental Objectives**

We have established the following environmental objectives.

- To ensure that all our activities comply with or exceed regulatory controls or codes of practice where they are available.
- To provide environmental awareness training to our employees.
- To work with organisations who promote environmental impact reduction activities.
- To communicate our Environmental Policy and performance to all stakeholders.
- To measure our performance in relation to the waste hierarchy.
- To measure and continuously reduce our carbon dioxide emissions in relation to our revenue.
- To measure and reduce environmental impacts arising from our activity on client sites.
- To measure and continuously improve the efficient use of natural resources in relation to our revenue.
